Subject: Request for 09/769,760 PRINTER RUSH

I received a printer rush for an application (above) that is said to have its IIFW and SRFW missing in a PRINTER RUSH memo. However, when I allowed this case it was a paper file - It didn't have any IIFW or SRFW. Please help resolve this matter as there isn't anything I can/should do for this situation.

Thanks, George Letscher, AU 2653
